We were blessed with a beautiful sunny November day for the event.

30 participants took part in groups or individually and all enjoyed the day. This was Christine's first attempt at planning the courses and received no complaints. Hopefully she will be able to plan future events & hasn't been put off. Some that took part had seen it advertised on Facebook and decided to come along which is encouraging. Unfortunately a clash with a big event on the mainland meant we didn't have as many competitive runners as we would have liked. Also the event was at short notice, so not surprising numbers weren't very high. The next event is a new venue at Golden Hill Fort on the 19th December, so take note and hopefully see you all again there.
