## **PLANNERS REPORT**

It was pleasing to see a good turnout on Sunday I think my idea of showing the courses before people entered, helped them to choose a more challenging course than they might otherwise have done.

This was born out by the fact that green had the largest entry. The feed back was that all seem to have enjoyed the courses.

Thanks to Eileen, Sue, Glynn and Pete for their valuable help.

Hope to see you at the next event at a new venue.
