

High Down & Needles Headland Event Report & Results.

It was great to have such a brilliant location to start and finish at Warren Farm. Most who took part took advantage of the facilities the farm had to offer & relaxed in their courtyard after their runs with beverages, pies & cakes & had a good natter about how they found the courses. We will definitely use the location again & I'm considering putting on a night event there, something we haven't done for some time. On the down side the map like many of our areas, needs an upgrade. The vegetation is grossly inaccurate & it was not possible to re-survey the map with the time I had to plan the courses, but there is a multitude of land features which are still accurate, and I focused on these for most of the control sites. Christine helped to put out the controls on the morning, and there were a couple of kites not quite in the right place, apparently I'd not given her control descriptions, so she blamed me. Fortunately this did not prove too much of a problem as everyone completed their course without complaint. Thanks to all that took part & to my team of helpers in the car park & at registration.

Here are the results!

Yellow Course

Position	Name[s]	Class	Time
1	Anne Ralph	W60	66.50
2	Brian & Sharon Ould	M85/ W50	70.35

Orange Course

1	David & Lola Williams	M45W13	45.10
2	Sue Williams	W70	57.30
3	Sarah Coetzee	W50	81.20
4	Sally Pritchett	W60	85.40

Green Course

1	Chris Pritchett	M65	43.10
---	-----------------	-----	-------

2	Trevor Ould	M60	54.35
3	Mick Hunter	M65	54.40
4	Dan Williams	M45	58.30
5	Michael Reynolds	M75	61.00
6	Carol Taverner	W60	68.00
7	Andrew Whithorn & Ben Day	M55 / M45	68.20
8	Andrew Barrington White	M65	83.20
9	Ian Ralph	M60	86.20
10	Glyn Williams	M70	91.10
11	Ian Barrow	M60	102.20
12	Kate Barrow	W55	102.40
13	Dawn Robinson, Leslie & Tim Mariner	W60/ W55/M55	103.30
